

# **GAMMA REMOTE SENSING**

Figure 1. GPRI Instrument field Configuration

Figure 2: 2.5 Meter GPRI Radome

*Figure 3: GPR Configuration with Pedestal*

1. Radome provides environmental protection for long-term observation. Designed for winds up to 150 km/h
2. Signal loss < 2 dB
3. Temperature control with ventilation of radome interior
4. Can be truck mounted for mobile deployment
5. 1.2 meter galvanized steel base can be mounted on concrete pad
